CROWD TURNS OUT TO WELCOME THE PRESIDENT

Princeton, N. J., Nov. 3.—President Wilson came back to Princeton today to vote.

At the railroad station he was greeted by a large crowd of students who gave him a noisy welcome.

The president walked directly to the polling place, located in a fire engine house. On the way he shook hands with many old friends.

It took the president only two minutes to vote for the Democratic candidates for congress, legislature and sheriff.

"Number eighty-nine," announced the election judge as the president emerged from the voting booth, indicating Mr. Wilson's order in the list of voters.

"Number ninety-nine," replied the president, reciting his Princeton class. A general laugh followed.

After voting Mr. Wilson visited several friends, walking through the Princeton campus.

Afternoon. It indicates that the Republican majority in that county will be very small. A telephone message from Las Vegas at 4 o'clock said the Republican claim of 1200 majority in San Miguel county might be cut to two. Eaton reported a fair vote with strong Democratic leaning throughout the county, and the Democrats claim Colfax county for state and legislative candidates.

While the reports from Roswell during the day indicate a light vote, it was stated that the radios cast were practically unanimous for the Democratic ticket. This condition, it was said, existed throughout the entire Pecos valley.

The early reports, scattering and unsatisfactory, tend to show that the result of the election generally throughout the state will be close.

The short ticket makes it likely that the count will have been completed early this evening and the Hendrix election service probably will be supplied with an approximately complete return by 10 o'clock tonight.

TURKISH AMBASSADOR MAKES REMARKABLE STATEMENT

Petrograd, Via London, Nov. 3 (2:15 p.m.)—The Turkish ambassador to Russia, before he left the capital today on his return to Constantinople, made the following statement:

"I tried with all the force at my command to convince the Russian minister of foreign affairs that Turkey was not actuated by hostile feelings against Russia and that if unwarranted events had taken place, we were not at fault.

"I am firmly convinced that the war will be of extremely short duration and that Turkey will assume the position maintained before German influence became paramount at Constantinople."

It was learned in Petrograd today that the Turkish consul at Batum, on the Black sea, suddenly disappeared a week before the bombardment of the Crimean city.

The Petrograd authorities, acting on instructions already received, have begun the registration and arrest of all Turkish subjects. This measure is taken previous to their expulsion which will occur November 7.

WAR

On duty for twenty-four hours at a time and brought rations and water with them when they came on duty, for none could be sent up to them during the day because of the terrific firing. Even the wounded could not be removed until dark. A preliminary retirement of the units was, therefore, carried out generally under cover of darkness.

"That the Germans only once opened fire upon us was due to the care with which the operation was conducted, and also probably to the fact that the enemy was so accustomed to the recurrence of sounds made by the reliefs of men in the firing line and by the movement of supply trains that they were misled as to what actually was taking place."

"What the operation amounted to on our part was the evacuation of trenches under carefully made arrangements with the French, who had to take our place in the trenches.

AMBASSADOR MORGENTHAU HAS TROUBLES OF HIS OWN

Washington, Nov. 3.—The Turkish minister of war ordered detained a special train bearing British and French subjects from Turkey which Ambassador Morgenthau had arranged on Sunday to leave Constantinople.

The minister of war declared that until Turkish subjects in Egypt, as well as England and France were given assurances of protection and permitted to leave the country, all British and French subjects would be held in Turkey.

Ambassador Morgenthau called the American government that before the British ambassador left, he had given Mr. Morgenthau assurances that all Turkish subjects in the British empire would be permitted to leave.

Mr. Morgenthau's letter, addressed dated 5 p.m. Sunday, said he had been informed by a member of the

to the correspondent of the Tribune of Rome that the Belgian army was in a wretched condition and that the men were exhausted and disorganized.

"In spite of the various difficulties the whole strategic operation was carried out without loss and practically without a hitch."

"As regards the changed nature of the fighting in which we recently have been engaged, it already had been pointed out that the operations had up till then been of a preparatory nature and that the Germans were obviously seeking to delay us by advanced troops while their heavy forces were being got ready and brought up."

"It was known that they were raising a new army and that part of it would probably be sent to the western theater, either to cover the troops laying siege to Antwerp in case that place should hold out, or to act in conjunction with the besieging force in a violent offensive movement towards the coast."

"After the fall of Antwerp and the release of the besieging troops there was a gradual increase in the strength of their opposition. The resistance of the detachments grew more and more determined as more infantry and guns came up into the front line, until Tuesday, October 27, when the arrival opposite us of a large portion of new formations and a considerable number of heavy guns enabled the enemy to assume the offensive practically against the whole of our line at the same time that they attacked the Belgians between us and the coast."
